PROSPECTUS

Excellence Through Education

Our Chief Advisor:

Mr. Neelap P. Chandra, the former Deputy Commissioner of Kendriya Vidyalaya Sangathan (KVS) of Guwahati Region is the driving force behind the school. As a multi-faceted man of esteemed personality, Mr. Chandra has long been associated with matters relating to academics and social cause. He served as the ex-lecturer of Aska Science College, Aska, Ganjan, Orissa. He was also the main brain behind the introduction of special CTET for the North-East region. He had long been associated with important Govt. institutions fostering educational growth in the country. He also served in the best of his capacities as

Mr. Neelap P. Chandra
M.A. (Pol. Sci., Eng., Edu., Hist.),
M.Ed., M.Phil., PGDHRM.

the Regional Director of NCTE (Eastern Region) with its regional office in Bhubaneswar, Orissa. He further remained as the former: Regional Director of NIOS, Hyderabad; Director (corporation) ZIET, KVS (MoHD); Field officer of Save the Children, (UK) in Bhubaneswar, Orissa; Training Co-Ordinator of People's Rural Education Movement (PREM) in Berhampore, Orissa.

Message from Founding Members:

Dear Parents,

First of all we take this opportunity to sincerely thank all of you for believing in us and sending your child to CPS, Kajalgaon with a firm determination that your wards are in the right hands. Being born and brought up in this part of the region and our long association with the humble profession of teaching has made us to realize that we have seas of talented young children who can be nurtured to be the future leaders in diverse fields by imparting them rightful education. Ours' too is a region where the majority of the populace are from middle class working family, hence many parents couldn't afford the costly expenses of education for their wards. Our primary effort is to ensure that talented youths shall not be debarred from quality education for financial constraints. So, necessary initiatives shall be taken to provide the best quality education at an affordable cost.

We strongly believe in the maxim that, "Education is the manifestation of the perfection already in man." It is not merely compilation of data but a process by which character is formed, strength of mind is increased and intellect is sharpened, as a result of which a child can stand on his own feet.

We shall strive to have the most modern state of the art infrastructural facilities in near future days with digitally equipped smart classrooms, fully air-conditioned computer rooms, well

furnished library cum reading room, music and dance room, audio-visual and activity room for pre-primary kids. We also believe that the foundation of education is the deciding factor as to where the child will land up in future. Our management shall strive to bring out the best out of, not only every learner but also every educator. Our success lies in what our pupils achieve in their lives. It is therefore our consistent endeavour to work with them, share their vision and goals and become anchors in their life during their school days. We know the foundation that we give today shall serve as the basis of their success tomorrow. Thus, we stand committed for doing our very best to give them a great head start in life.

At CPS, We shall nurture the children to unearth their hidden potential by exposing them to diverse opportunities and a large number of co-curricular activities. The CBSE based education shall help them to rise above parochial mindsets and acquire a truly global outlook. In addition to this, children shall be trained to learn more by doing things themselves and try out new ideas.

We have every hope and belief that the Chirang Public School is going to become a premier co-ed residential institution of its kind in this part of the region in the near future, amply fulfilling the educational aspirations of the parents for their children.

Few things have greater importance to parents than the education of their children. Every parents look for academic excellence, ethical moral values, discipline and good manner for their children. Choosing the right school for them is therefore a crucial decision. In this regard, CPSK provides high standards for educational excellence to their students. We stimulate creativity and deep problem solving capability in each student.

All the dynamic institutions in the world today look forward to introducing and affecting a creative approach in educational curriculum. Teachers play a major role in implementing and supporting the students to gain competence in their efforts.

Our objective at CPSK is to provide a happy, balanced and challenging environment where our students have the opportunity to fulfil their individual talents and goals. In parallel, we provide a wide range of cultural, sporting and co-curricular activities and a chance to exercise leadership in a sensible and respectful environment. It shall be a wonderful feeling to always receive the support and cooperation of our parent community which has indeed been a key factor in helping us realize our objectives. We do hope your inspiration and support shall continue to make our partnership more and more collaborative.

Welcome to an institution where children are empowered to realize their dreams.

CHIRANG PUBLIC SCHOOL:

The need of a capable full-fledged CBSE pattern English Medium School has been long felt at Kajalgaon, the district head quarter of Chirang, BTC, Assam. There was a time when people had to move out of the town and struggle, in search of a quality education for their children. Kajalgaon, once a sleepy hamlet of Assam, shot into sudden prominence when it was declared a district head quarter of Chirang as a result of the formation of BTC in the year 2003. Eversince, Kajalgaon is perpetually growing into an urban space. The present world has become more competitive and challenging as a result the learning patterns and dynamics have also evolved into the scientifically proven advanced model. The changing trends in the world demand that we educate our children from an early age in the new model of learning by inculcating in them the scientific spirit of learning and enquiry. Keeping in mind the need of a proper CBSE based English medium school in our locality to prepare our children with the advanced model of pedagogy to help them keep pace and meet the challenges posed by competitive world, Chirang Public School Kajalgaon (CPSK) was established in the year 2019 by a host of academicians. The first academic session of the school started from the month of April 2019 offering admission to the students from LKG to Class I. CPSK is a co-ed day-cum-boarding school which shall impart education to the children of the region irrespective of caste, creed, community, religion and economic strata.

Situated in the heart of Kajalgaon, the district head quarter of Chirang BTR, Assam, CPSK is founded with a noble ambition of offering high quality and holistic education to the students of the region, neighbouring districts and states as well at an affordable cost. We believe that our region has a number of immensely potential youths in diverse fields who couldn't aspire their educational goals due to lack of educational opportunities and expensive education. CPSK shall be the right platform and guiding force to those youths by unfolding their excellence and potentials through its result oriented education system and extra-curricular activities. The school shall provide the opportunities to students to enrol as boarders as well as day-scholars. Students shall be taught in a secure, caring and personalised learning environment that is enhanced through regular and constructive communication with parents. Though CPSK shall aim at international standards in terms of scholastic and co-scholastic achievements in its future journey, it shall however be firmly rooted in traditional, cultural, spiritual and moral values. Although CPSK aims to excel as a dynamic and progressive school in its future days following CBSE curriculum, the school's driving aim is to provide students a rich educational experience that combines a strong academic focus with opportunities for students' personal, social and emotional growth. Each member of the school shall work together in partnership with the parents to enable students to achieve their very best. This commitment we truly believe plays a major role in ensuring the success of students.

At CPSK we shall follow the global education model of schooling with its four core elements which are: (i) Universal Values (ii) All Round Development (iii) Global Understanding and (iv) Service to Community. The motto of the school is “Excellence through Education” and excellence is not limited to academic progress but excellence in all aspects.

The school believes that every child is uniquely talented and given a conducive environment each one will blossom beyond imagination. The school will constantly endeavour to harness and channel the energies and capabilities inherent in children through their active participation in the classroom and whole-hearted engagement in various activities.

Following the ever-evolving CBSE curriculum drawing on the New Education Policy (NEP), National Curriculum Framework (NCF) and the National Council of Educational Research and Training (NCERT) guidelines, the school's educational programmes will equip children with knowledge, skills and values that will make them happy and successful and prepare them to be responsible citizens.

OUR MISSION AND SHARED VISION:

Our Mission: CPSK will provide for all the staff and pupils the opportunity and encouragement to be able to enjoy school life and be successful.

- ⇒ We shall strive to provide education with a child centred approach, set in a caring environment.
- ⇒ Working closely with parents, we shall ensure that all students are encouraged to set goals and strive hard to achieve them by believing in their own abilities. Beyond developing students' interest and ability in the academic sphere, students shall also be guided to understand the importance of engaging in humanitarian and environmental causes.
- ⇒ Students shall be encouraged to be active, compassionate and lifelong learners who embrace their own culture whilst appreciating others.
- ⇒ We aspire to provide personal, social, spiritual, emotional and educational growth in cross-cultural context blending in each child the harmonious values of “unity in diversity.”
- ⇒ We shall remain committed to modern pedagogy and develop in our students life skills, leadership and entrepreneurship skills to prepare themselves for the challenges presented by a competitive and ever changing world.
- ⇒ Offering the world class education at an affordable cost shall always be at the top of our priority.

Our vision: Looking into the future, CPSK wants to be the model school in the region in shaping our students into world minded citizens who are endowed with values and life skills and who are

at the same time confident and capable in multiple ways; students who think critically and who are motivated from within to do their best, caring individuals who think in terms of service to others, who have noble aspirations to make a difference. The school aims to prepare children to develop into successful adults through right education. CPSK's vision is also to inculcate deep moral values in the children so that they emerge with a strong sense of values and character, and become personalities with healthy attitudes endowed with a sense of social justice and responsibility towards society as a whole. Such an education will enable students to succeed both in exams and in life.

PARENT TEACHER COUNCIL (PTC): Parent Teacher Council (PTC) is a Collaboration of parents, teachers and the society for the smooth functioning and welfare of the school. The idea behind the formation of PTC was to ensure improvement in the quality of education and to encourage participation and co-operation of parents and community in educational activities. The PTC shall be our guiding force to work hand in hand in alignment with the respected guardians of the school. The activities may be as follows:

PARENT TEACHER MEET (PTM): Parent Teacher meetings are an essential feature in a student's calendar in moulding the right future prospects of a student. This is so because parents and teachers together can shape the future of a child in a better way. The school shall conduct Parents Teachers Meet (PTM), on a regular basis and usually, it shall preferably be organised before or after each exam. During the meetings, a comprehensive discussion concerning the performance and problems of a child shall be taken up. It shall be vital for parents to attend the Parents Teachers Meeting (PTM) regularly.

Facilities Available:

1. Digitally Equipped Smart Classrooms.
2. Highly Qualified and experienced Faculty.
3. Activity based Teaching through play equipments for Nursery students.
4. Physical Training (Sports, Yoga etc.).
5. Computer Classes / Lab.
6. Library
7. Dance, Drama and Music lessons.
8. Hostel Facilities for Boarders.
9. Transportation Facilities.
10. First aid Medical Facilities in the school premises.

OUR ACADEMIC PROGRAMME:

Chirang Public School follows activity based and centre around the learner with the use of AI & IT technologies and a lot of project work. In order to ensure the meaningful learning in pre-primary and early primary levels, the teachers shall use the activity-based teaching and learning process commonly known as 'play-way' method. For the purpose, Montessori trained teachers shall be engaged.

Evaluation shall be continuous and shall take into account all the work done by the child during the term. Students shall also be assessed through monthly tests. Examinations shall be held as per the latest CBSE norms and guidelines.

Tutorial classes shall be held for the students of the Hostel who require extra help in addition to the classroom teachings. Workshops, seminars and orientation programmes shall be held for the students at regular intervals by experts invited from outside, to enhance their academic interests and values of life. Apart from those, a regular counselling shall be held by our permanent counsellor for the all-round development of the child and to make the learning more interesting and stress free. Educational trips, excursions and participation in co-curricular activities make the education programme a stimulating experience. Value education and Life Skills shall be incorporated into the curriculum to offer holistic approach to education.

FACULTY AND FACULTY TRAINING:

The faculty members of Chirang Public School (CPSK), Kajalgaon shall consist of a team of experienced and talented minds from diverse academic backgrounds. All faculty members shall be entitled to undergo rigorous training in order to remain updated in their respective subjects. Experts from reputed institutions and capable master trainers shall be invited to conduct workshops on different areas of academics as well as life skill values. They shall also be provided opportunities and encouraged to attend workshops on pedagogy, evaluation held at different places from time to time. They shall further be made aware to adopt necessary skills relating to the changing dynamics and pattern of curricular and co-curricular vitae that the CBSE recommends for the benefit of the students.

IMPETUS TO SPORTS AND CO-CURRICULAR ACTIVITIES:

Sports and co-curricular activities provide students with seamless experiences for their holistic development. These activities are an extension of core educational and developmental experiences. Apart from enhancing the proficiency levels, they also foster sportsmen spirit, enhance physical endurance, promote healthy competition and ensure overall development of children. At CPS we offer variety of sports and co-curricular activities to enrich students' learning experience. Kits, equipments and props are made available and students can select a sport or an

activity from a range of options.

Indoor Games: Chess, Carrom, Table Tennis, Badminton, Athletics, Yoga etc.

Outdoor Games: Football, Volleyball, Basketball, Handball, Cricket, Hockey etc.

Co-Curricular activities: Vocal & Instrumental Music, Indian & Western Music, Classical & Folk Dance, Indian and Western Dance, Dramatics and Theatre Art, Story Telling and Recitation, Debates and Declamation, Group Discussion, Elocution and Extempore, Spell Bee, Art and Craft, Drawing & Painting, Creative Writing, Mathematics Relay, Quizzes etc.

In the future years CPS shall also introduce NSS, Scout & Guide and NCC which will instil in students the sense of responsibility, social service and love for the nation. The extensive range of activities on offer in the school shall enable our students to find something that they can excel in. In this way they come to an appreciation of their worth as individuals and gain the self-esteem and self confidence which we always look forward to as exclusive hallmarks of our students.

School today is no longer confined to classroom instructions. We believe that school is about more than academic lessons and qualifications. Many of the most important lessons are those which students learn as part of team games, cross fertilizations of ideas, competitions and collaborative work.

To pave the way for such non-cognitive learning, the school will organize a variety of competitions and cultural events which also support formal learning. In order to promote the sense of belonging and loyalty among the students, they shall be divided into different houses like Green House, Yellow House, Blue House, Red House etc. Inter House competitions such as Debate, Recitation, Fancy Dress, Fashion show, Go as you like, Group Song, Folk Dance, Rangoli, Art & Craft etc. shall also be held in order to promote learning experiences and enrich the emotional and social development of the students.

As an incentive for their participation in the sports and co-curricular activities CPS shall acknowledge students with:

Honours, Badges, Awards etc. for excellence in all areas of co-curricular events.

All rounder trophies and medal for the students excelling in both academics and co-curricular activities.
